The MSM News LIES TO YOU

Leading news editors confess on camera how journalists worldwide are paid to “always lie, and never tell the truth to the public.” They are bribed by the CIA, billionaires, governments and secret societies to manipulate the public. News media are used to control what the population thinks, feels, and does. Although we see hundreds of different news agencies in the world, we don’t understand how they are all owned by the same small handful of people.
