

The Great Taking

In the below video on the left, David Webb exposes the system Central Bankers have in place to take everything from everyone. Video on the right, Dr. Mercola discusses with Catherine Austin Fitts, a finance expert, and founder and president of [the Solari Report](#), about David Webb's video and book – [The Great Taking](#).

Former hedge fund manager David Webb takes the audience step by step through his forensic investigation into the legal, financial and regulatory changes that have set up “the greatest crime ever contemplated ... the planned confiscation of everyone's global securities assets.”
