How Pastor Baldwin Came Out of The Dispensational Eschatology Doctrine

In this remarkable, 61 minute video, Pastor Chuck Baldwin is interviewed by Steven Ben-Nun of **Israeli News Live** about his journey out of a deep seated and three decades long belief that the modern state of Israel is the fulfillment of biblical prophecy. What’s remarkable about this interview is that Steven Ben-Nun is a Messianic (Jewish) Christian who had been under the influence of Zionism, himself. The large majority of Messianic Christians are fervent Christian Zionists.
