SCAN TO SAVE OUR COUNTRY

SIDE 2 or BACK SIDE

Brunson v. Adams SCAN QR-Code campaign. Fellow patriot HERE is a suggestion. Pass out QR Codes to direct people to sources where we want people to go for information on this case. ABOVE is a QR Code CARD with a website URL link. USE it or make your own with a short but precise statement that instructs card holder what to do. Have them scan the QR Code for an URGENT message happening on Jan. 6, 2023. If you don't have the resources or time just use a MS Word Doc and select a 2-column layout, and on one sheet of paper that will fit 8 short messages with a QR Code and short note. Cut out the 8 short messages (10 sheets of paper equals 80 cut outs), and the next time you are out shopping and you're walking through the parking lot, put one of these QR Code Notes (or business card) on the roll up window slit on the driver's side of cars. You could also pass them out while you're in the store shopping. There are a lot of people shopping now during the holiday season and the store parking lots are full. It would be nice if you could use some business card stock and print your own cards. But, the alternate method to do is, print out on a sheet of paper the 8 small notes with QR Code. See Microsoft Word Doc sample layout PDF at <https://qr1.be/HCEH> .
